

ORIGAMI FAN

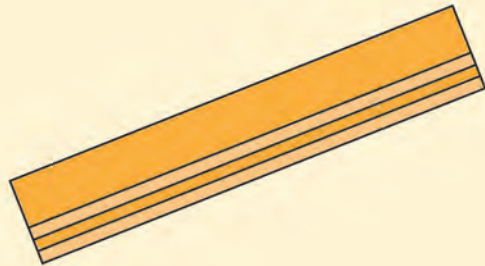

1 Step 1: Start with a piece of paper.
Why not tear a page out of a phonebook?

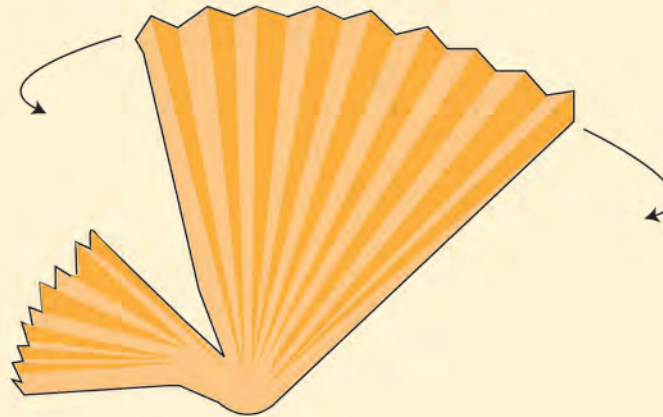

2 Step 2: Fold about 1 cm of the paper up from the bottom.

3 Step 3: Flip paper over and fold about 1 cm of the paper again, making sure that the edges line up at the bottom.

4 Step 4: Now we simply repeat the last 2 steps over and over until there is no more paper to fold.

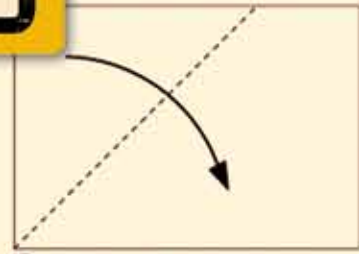

5 Step 5: And you're done! Just need to open up the fan. Make a crease around 2 inch from the bottom to create a handle for the fan. Easy and practical origami fan!
